ASSIGNMENT DESCRIPTION

This assignment will focus on the history of health education and the role of the health educator. Students will be assigned to read a section within one text-based source. Each student will be responsible for creating a timeline activity sheet to record major events and dates. As students read the text assignment and use online articles, each student will complete a Jeopardy board. Students will also submit a response to the Jeopardy board. This assignment is designed to help students understand the history of health education and its evolution over time.
