MCS-178 **Gack lab grading** Name: ____________________

____ 20 WRITING STYLE — all parts should be directed at the assigned audience!

- ____ 3 introduction gives a terse summary of the final product
- ____ 2 introduction outlines structure of report (road map)
- ____ 3 the structure of the report makes sense given the audience
- ____ 3 report focuses on the final product rather than the assignment
- ____ 3 paragraphs have clear point, well-organized
- ____ 1 provide adequate transition from section to section
- ____ 5 spelling, grammar, sentence structure

General comments on your writing style:

____ 20 GIVING MAX THE LATE LAB REPORT

- ____ 4 adding give to help
- ____ 4 pattern
- ____ 12 action and method (as needed). For style, one can sometimes avoid repeating code by separating out functionality which is common to two methods is separated out into a third method which is called by both.

____ 45 INDEPENDENTLY CHOSEN OBJECTIVES

- ____ 15 description
  - ___ 5 class hierarchy
  - ___ 10 English description of objectives and realization
- ____ 30 programming
  - ___ 6 putting code in appropriate classes
  - ___ 6 using dynamic method selection rather than conditionals
  - ___ 6 correctly differentiating classes, objects, and names
  - ___ 6 other avoidance of unnecessary complexity
  - ___ 6 freedom from bugs

____ 15 DESCRIPTION OF FUTURE EXTENSIONS

- ____ 5 emphasizing the most important structural changes to implement suggested improvements
- ____ 10 appropriate suggestions on changing or adding to the class hierarchy, the interface, the instance variables, and/or the methods
